

Petition against further vape retailers

Dargaville's main street, Victoria Street, has 12 vape retailers: nine General Vape Retailers and three Specialist Vape Retailers within a 1km length. The three licensed Specialist Vape Retailers are located within 150m of each other.

We think this is too many vape retailers for one small town, and are concerned about the availability of vapes to young people.

We are asking Kaipara District Council to say NO to more vape retailers opening in the Kaipara region.
